Elyse re-designed the interior of our home from a tropical style into a beautiful mid-century modern home. She also provided overall design concepts for an addition to the home that was made at the time of re-decoration.

Elyse Marie Lifestyles is more than an interior design agency, as Elyse truly embraces the 'lifestyle' aspect of design. We wanted a refuge from the winter where we could be comfortable in our home-away-from-home sanctuary. Elyse listened to our family, and over the course of just a few months she took on the daunting task of working with a bare shell and was able to pull it all together with spectacular results.

## PAST PRESS

Elyse Marie Lifestyles has been heralded as the “space whisperer” by her clients and her projects have been featured in magazines such as Florida Design and Casa & Estilo. She was also a featured designer at the Miami Home and Design Show.
